Directions to the Hotel Shuttle Pick-Up Area

Terminal 1

There is only one area that hotel shuttles can pick up at Terminal 1. From baggage claim you need to go down level. Follow the ground transportation signs that indicate "Hotel Shuttles". This will bring you under the street and back up again.

Terminal 2

From baggage claim you need to go out the front doors and across the street to the ground transportation center. You can take the skyway across the street if needed. Terminal 2 picks up Southwest Airlines, Air Tran, IcelandAir, and Sun Country Airlines.
